

D. C. CUNNINGHAM, Ed. and Prop.  
DONIPHAN, MO., AUG. 6, 1915

It begins to look as if the United States might really have to take a hand in the internecine struggle in Mexico. The factions are getting farther apart and less inclined to listen to advice from Uncle Sam than formerly.

Shipping out wheat, peaches and stock from Ripley county, will make 1915 a year long to be remembered. These shipments bring money to the county, and if our farmers will add sheep husbandry to their other activities, it would be but a few years until financial matters will be easy with all of them.

The news dispatches say that some of the foreign statesmen, members of the cabinets of the governments engaged in the war, are planning for a continuance of the struggle until it becomes only a matter of the survival of the fittest. They indicate that it will take at least three years to end the war, for by that time most of the countries engaged will be ruined every way and they will have to end it.

Hon. Victor Murdock, in a recent interview, and speaking as chairman of the national committee of the Progressive party, laces it into the Republican party, and says that in the next campaign his party will come to new life under the organization he is perfecting in its ranks and that so great will be the rush, from the other old political party to join with them that they will easily carry the majority of the electoral vote of the country. Victor, your joking. The Republicans say your organization is dead.

Several of the candidates for the Democratic nomination for governor, in the campaign next year are becoming active, notably, among them being James A. Housh of Jefferson City, and Secretary of State, Cornelius Roach. The candidates for Governor should remember that Ripley county has a candidate in the person of Hon. John M. Atkinson, chairman of the Public Service Commission of the state, and that they waste their ammunition on the voters of this county. If Mr. Atkinson were not in the race, we might listen to the songs of other gentlemen who are candidates.

Doniphan vs. New Madrid.

The New Madrid ball team, made up from several different teams came here Wednesday for a series of three games with the Doniphan team, and on that day defeated Doniphan by a score of 5 to 4. It was a good game and was hard fought. Several errors were made by both teams. The visitors are good ball players and have a reputation as such.

The game yesterday was not as good a game as the one preceding and was won by the visiting team also, the score being 2 to 12. The will play again today and to-morrow.

Is Sickness A Sin?

If not, it's wicked to neglect illness and means of relief. It's wicked to endure Liver Ills, Headache, Indigestion, Constipation, when one dose of Po-Do-Lax gives relief. Po-Do-Lax is Podo-phylka (May Apple), without the grips. It arouses the Liver, increases the flow of bile—Nature's antiseptic in the bowels. Your Constipation and other ills disappear overnight because Po-Do-Lax has helped Nature to remove the cause. Get a bottle from your Druggist to-day. Get rid of your Constipation overnight.

BEST BREED CATTLE FIND MANY ADMIRERS AT THE MISSOURI STATE FAIR AT ALL TIMES.

Much of Missouri's wealth is traceable to the beef cattle industry for which it has long been famous. The solid beef breeds brought back to the farmer, when marketed, the money that enabled him to expand his holdings, to build more and better barns and houses, and still the beef breeds are supreme in Missouri, where they

rove in knee deep grass. At the Missouri State Fair at Sedalia each year the best beef breeds are seen at their very best and the prizes and trophies that will be carried away from Sedalia as the results of exhibiting there from September 25 to October 2 will be worth any beef breed owner and exhibitor's time.

Your Cough Can Be Stopped.

Using care to avoid draughts, exposure, sudden changes, and taking a treatment of Dr. King's New Discovery, will positively relieve, and in time will surely rid you, of your Cough. The first dose soothes the irritation, checks your Cough, which stops in a short time. Dr. King's New Discovery has been used successfully for 45 years and is guaranteed to cure you. Money back if it fails. Get a bottle from your Druggist; it costs only a little and will help you so much.

MISSOURI AND MULES ARE SYNONYMOUS AND INSEPARABLE.

Missouri State Fair without mules would be a travesty on the fame of Missouri, as the home of the best mules the world knows of. Every year the best of these animals are seen at Sedalia in competition with one another. No single feature at the Missouri State Fair from September 25 to October 2 this fall, unless it is the saddle horse classes, will attract more attention than the mule section.

To Mend Wall Cracks.  
Wall cracks may be mended in two ways. Stir whitening into a mixture of equal parts of water and silicate of soda until of consistency to spread. Apply with a knife, let harden for fifteen minutes, and smooth off. Or mix plaster of paris with vinegar instead of water. As it will not set for 15 minutes, it can be smoothed off before it is hard.

**Deaths From Cancer.**  
There is absolutely no reason why we should not face the cancer mystery without either apprehension or panic. Cancer is a serious disease, but even at its most modern worst it ranks only seventh among the causes of death, claiming about as many victims as summer diarrhoea of children at one end of the life scale, and apoplexy at the other. And there is no valid evidence that it is increasing.

**No Longer "Plain."**  
"You used to say that you trusted the wisdom of the plain people." "Yes," replied the courtly candidate. "But so many charming women are now voting in my state that I could no longer think of referring to the people as 'plain'."—Washington Star.
